Subject:- Re-employment of retired officers.

Reppesentations have been received from some time of the re-employed officers and subodtes. that their pensions should be held in abeyance during the period of re-employment and that they should be granted such pays which together with their original pensions would not be less than the last pays drawn by them.

2. Govt. does not consider it necessary to hold pension of re-employed officers in abeyance in each case and thus allow other Govt.s to benefit in the case of divisible pensions. It has accordingly been decided that in the case of re-employed officers, one of the conditions of re-employment will be that they will be granted such pays which together with their pensions will not exceed the last pays drawn. These retired officers will be given increments in the respective scales as and when they become due.

3. In order, however, that the re-employed officers should not be made to suffer on account of the imposition of the above condition, Govt. has decided that the cases of these officers should be treated as special for purposes of the grant of increments, comp. local allowance, war allowance, T. A. etc which should be regulated on the basis of their consolidated pays (i.e. pay plus pension) and as if their pensions were held in abeyance.

4. The officers should please be informed accordingly.

By order of the Govr., of Bombay.
